**UF Health Pathology Laboratories is excited to announce that we are now performing serum protein electrophoresis, immunofixation electrophoresis, and immunotyping in house!**

*Expect a turnaround time of 4-6 days.* The methods have been verified against the manufacturer's claims and we have found them to be accurate and precise.

**Abbreviations:**

Immunotyping IMT/IT, Serum Protein Electrophoresis – SPE, Immunofixation Electrophoresis – IFE

**You have options for ordering:**

1. Serum protein electrophoresis with reflex to immunofixation/immunotyping (LAB8000)
2. Serum protein electrophoresis (LAB119)
3. Immunofixation electrophoresis (LAB4493)

Electrophoresis on blood for hemoglobin typing and urine samples are not available yet and will be sent out to a reference laboratory for a short period of time until we announce those are live.

**We welcome your questions and are eager to assist.** Please contact UF Health Pathology Laboratories at 352.265.9900 or [clientservices@pathology.ufl.edu](mailto:clientservices@pathology.ufl.edu).

*Thank you,*

**Ericka Olgaard**  
**Director, UF Health Pathology Laboratories**

# UF HEALTH PATHOLOGY LABORATORIES

is excited to announce that we are now performing serum protein electrophoresis, immunofixation electrophoresis and immunotyping in-house!

**Expect a turnaround time of 4-6 days.** The methods have been verified against the manufacturer's claims and we have found them to be accurate and precise.
